

Nimba Mining Company Closes 2025 with 1,002,400 Tonnes of Bauxite Shipped

Kamsar, January 5, 2025 – Nimba Mining Company S.A. (NMC) shipped 1,002,400 tonnes of bauxite during the year 2025, less than five months after the start of its operational activities.

Established in August 2025, Nimba Mining Company is a fully Guinean mining company, founded with the objective of contributing to the national valorization of mineral resources and to the country's industrial development.

Review of Key Operational Milestones in 2025

In 2025, Nimba Mining Company successively reached several major milestones, reflecting the rapid ramp-up of its operations:

- November 5, 2025: departure of the first vessel from the port of Kamsar, carrying a cargo of 200,000 tonnes of bauxite;
- December 13, 2025: commissioning of the first mining train, linking the mine to the port;
- December 20, 2025: official launch of mining operations on Plateau 26 in Tinguilinta.

All of these activities made it possible to reach a total volume of more than 1,002,400 tonnes shipped before the end of 2025, with no incidents recorded. This achievement was made possible thanks to the mobilization of more than 450 employees, including mining, rail and port teams, as well as technical, engineering, human resources, finance and logistics functions.

Outlook for 2026

For the year 2026, Nimba Mining Company plans to:

- target an annual production of 10 million tonnes;
- launch feasibility studies for an alumina refinery;
- carry out exploration works in the northern part of the mining license area.

Nimba Mining Company extends its thanks to all its employees, partners, and the Guinean authorities for their support and trust.

About Nimba Mining Company

Founded in 2025, Nimba Mining Company S.A. is a 100% Guinean-owned mining company held by a national holding dedicated to the extraction, processing, and valorization of Guinea's natural resources. The company operates the Tinguilinta mine, one of the country's largest bauxite deposits, and manages the Kamsar port facilities. NMC embodies a model of sovereign and sustainable governance, serving the economic and social development of the Republic of Guinea.
